

November and December 2008 Update

Painting, painting and more painting was the main event for November and December. Along with the painting, other volunteers installed trim work around the windows. The mechanical parts and the car for the elevator were installed. We cannot use it yet. In January doors and backerboard for the ceramic tile will be installed.

Looking at the guts of the new elevator shaft.

Earl makes a small partition.

The HVAC duct work is all painted and ready to be installed.

Wesley students help paint the new Wesley Center.

Great painters of all ages and sizes.

Preschool teachers Ms. Ellen and Ms. Sandy paint in the new preschool rooms

Painting in the new extension in the Wesley Foundation.

Julie painting in the kitchen of the new Wesley Center.

The Ewoks came to paint.

Donna and Dale get a sit down painting job.

Tony and Earl check out the trim work installation.
